

Basic GPS Use and Navigation Sponsored by the US Geological Survey

Tuesday, April 20, 2010

6:00 pm to 7:00 pm

7:30 pm to 8:30 pm

Best Western Gran Tree Inn

**Public Night is part of the 2010 Intermountain GIS Conference organized
by the Montana Association of Geographic Information Professionals**

The public is invited to attend a free 1 - hour GPS Clinic conducted by the U.S. Geological Survey. The event will be held during Public Night at the 2010 Intermountain GIS Conference. GPS receivers will be available for loan. A combination of classroom instruction and outdoor navigation will teach students basic navigation skills. Up to 30 students can attend each class - first come, first served. A GPS Doctors Office will also be provided to answer basic questions regarding the operation and use of handheld GPS.
