

2016 Intermountain GIS Conference Student Scholarships

The Montana Association of Geographic Information Professionals (MAGIP) is pleased to offer student scholarships to the Intermountain GIS Conference being held in Great Falls, Montana from April 4-8, 2016. The scholarship covers the full registration fee for the conference. These scholarships are only available to students and grad students enrolled in a higher learning institution (state, private, or tribal).

In return, students will be expected to assist organizers with conference activities for 8-10 hours during the conference. A coordinator will assist and schedule students. Assistance is needed on Sunday afternoon/evening, April 3rd, prior to the start of the conference; on Tuesday evening, April 5th for public night; as well as each day throughout the conference.

All other costs, such as travel, lodging, and workshop fees will remain the responsibility of the scholarship recipient. However, there are a limited number of \$150 stipends available to offset travel expenses for those scholarship recipients who reside further than 100 miles of Great Falls, which will be awarded on a first come-first served basis.

Applications received by 5 p.m. on February 15th, 2016 will be reviewed and applicants will be notified of results by February 29, 2016. Preference will be given to those students who are presenting papers, posters, online web maps or mobile applications, with additional consideration given to the responses on the attached application. Scholarships will then be awarded based on the order in which the applications are received. Additionally, the review panel will strive for a good geographic distribution of applicants.

TO APPLY:

If you are interested in applying for this opportunity, please complete the attached form and return by 5 p.m., February 15th, 2016 to:

Jenny Connelley, Student Coordinator: jenny.connelley@gallatin.mt.gov

Please use the subject line "Intermountain GIS Scholarship Application" in your email. You will be notified that the application has been received and is in review.
