Address	
Phone Number	
Email *	breanna.hennessy@msu.montana.edu
Type of Assistance Requested *	<ul style="list-style-type: none"><li>Other (please explain in project narrative)</li></ul>

## Project Narrative \*

I am contacting you on behalf of MSU's Dept. of Earth Sciences Student Colloquium. We are a student organized function that allows students in the Earth Sciences and related fields to present either poster(s) or talk(s) on research that they are doing in the department. We have received support from MAGIP the past two years and would love to have you to be involved again this year. The past two years, a MAGIP representative(s) has attended our poster session, judged posters that demonstrate that the presenter has used GIS for his/her research and given an award to the poster that shows the best usage of GIS. We would love for you to be involved again this year either in the same manner as the last two years or in whatever way you would like to be involved. Our poster session this year is from 4:30 to 6:30pm on Friday, April 12th in the Strand Union Building on Montana State's campus. Please feel free to contact me if you would like more information regarding the event.

Project Start Date *	Friday, April 12, 2013
Project Completion Date	Saturday, April 13, 2013
Applicant Resources to be committed to this project*	The Earth Sciences Colloquium Committee secures all necessary funds to plan and orchestrate our event. We would also be more than happy to provide MAGIP representative(s) with dinner for the evening.
