Project Narrative *	<p>I will be teaching a 45 minute class on three Wednesday afternoon's in February. All students are in the 3rd, 4th and 5th grades, the dates are Feb 5, 12th and 26th.</p> <p>My class is Maps and Geography. I plan to share a brief narrative on geography, take them into the playground to collect some pictures/data, concluding with the students bringing that data into a map (ArcGIS Online).</p> <p>While I do not need any funding support, I thought it might be nice to provide some 'swag' at the end of the last class. I recall MAGIP having some globe hacky sacks?</p> <p>If there is anything appropriate for that age level I would appreciate it if I could hand it out.</p> <p>Approximately 20 students.</p>

Project Completion Date	Wednesday, February 26, 2014
Applicant Resources to be committed to this project*	The class is being taught on my own time, I will flex my work day to take my lunch hour for the afternoon class each Wednesday.
