

Potentially Amending the Bylaws in 2022

This idea came out of the 2021 Montana Summit and has been expressed by several Board members and MLIA Council members; the possibility of reinstating the MLIAC Representative on MAGIP's Board as a voting position.

Background

The MLIAC Representative was a voting position prior to the 2020 bylaws amendment. With the bylaws being amended, which changed several things within the bylaws document but one of those items was that the MLIAC Representative on the MAGIP Board of Directors was changed to a non-voting position.

New Business

I would like to discuss at our strategic planning event the possibility of amending the bylaws, and changing the MLIAC Representative back to a voting position on the MAGIP Board of Directors. The vote to take place at our Board of Directors meeting whether to move forward with amending the bylaws during the 2022 MAGIP Elections.
