

Nomination Form

The Montana GIS User Group needs to incorporate. The first step is to elect individuals to serve on the board of directors. The board will elect a president, vice-president, and secretary-treasurer and begin the incorporation process. In addition, the board will:

- Draft and implement the User Group bylaws;
- Provide representation on the Technical Working Group; and
- Participate in planning the yearly GIS Conference.

The representatives will have input on decisions which will affect all GIS users in the state, such as the GIS standards plan. Please nominate anyone you feel would be a good representative in the appropriate category.
